ABOUT US

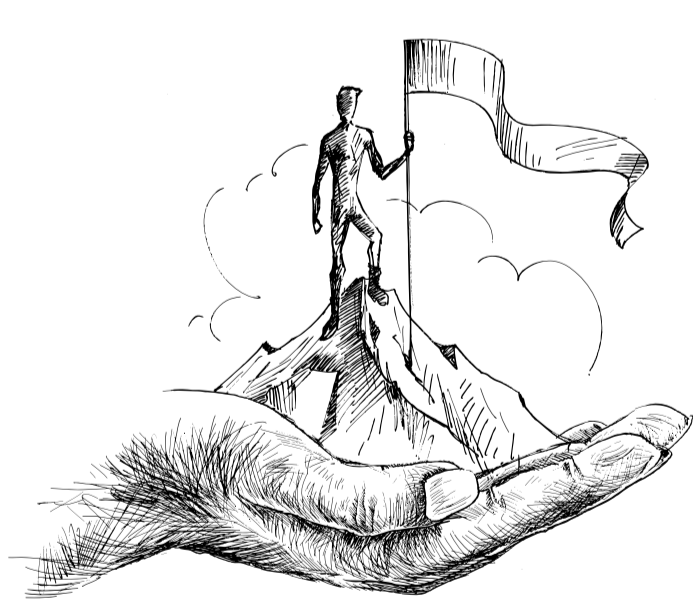

INARA is a UAE-based international lighting supplier, established in 2019 and led by a management team with over 30 years of industry experience.

The company specializes in high-quality indoor and public lighting solutions, combining technical expertise with a strong commitment to design excellence, innovation, and sustainability. INARA prioritizes environmental responsibility by embracing clean energy, minimizing emissions, and actively pursuing renewable energy sources as part of its mission toward carbon neutrality

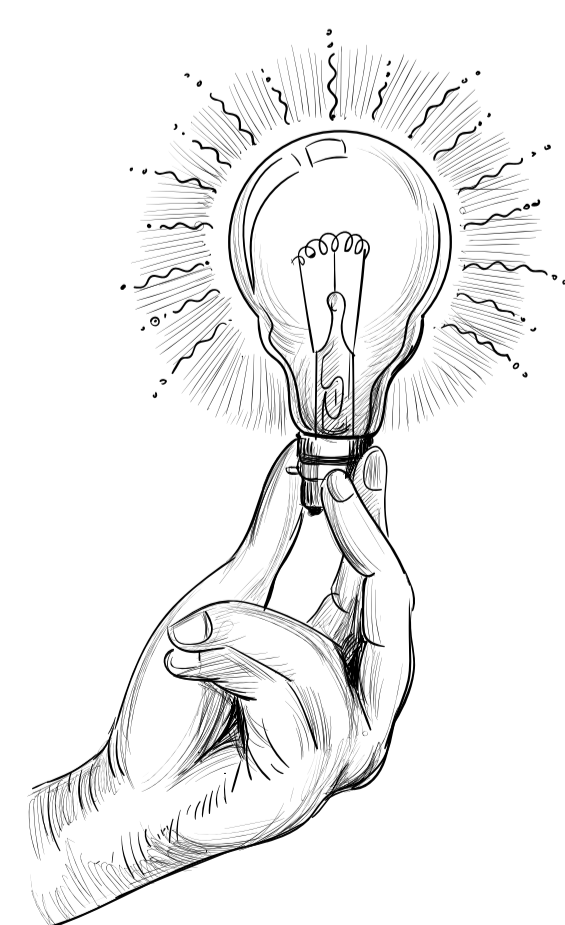

Goals

To improve urban safety and minimizing environmental impact, while leading the industry in the Middle East and globally.

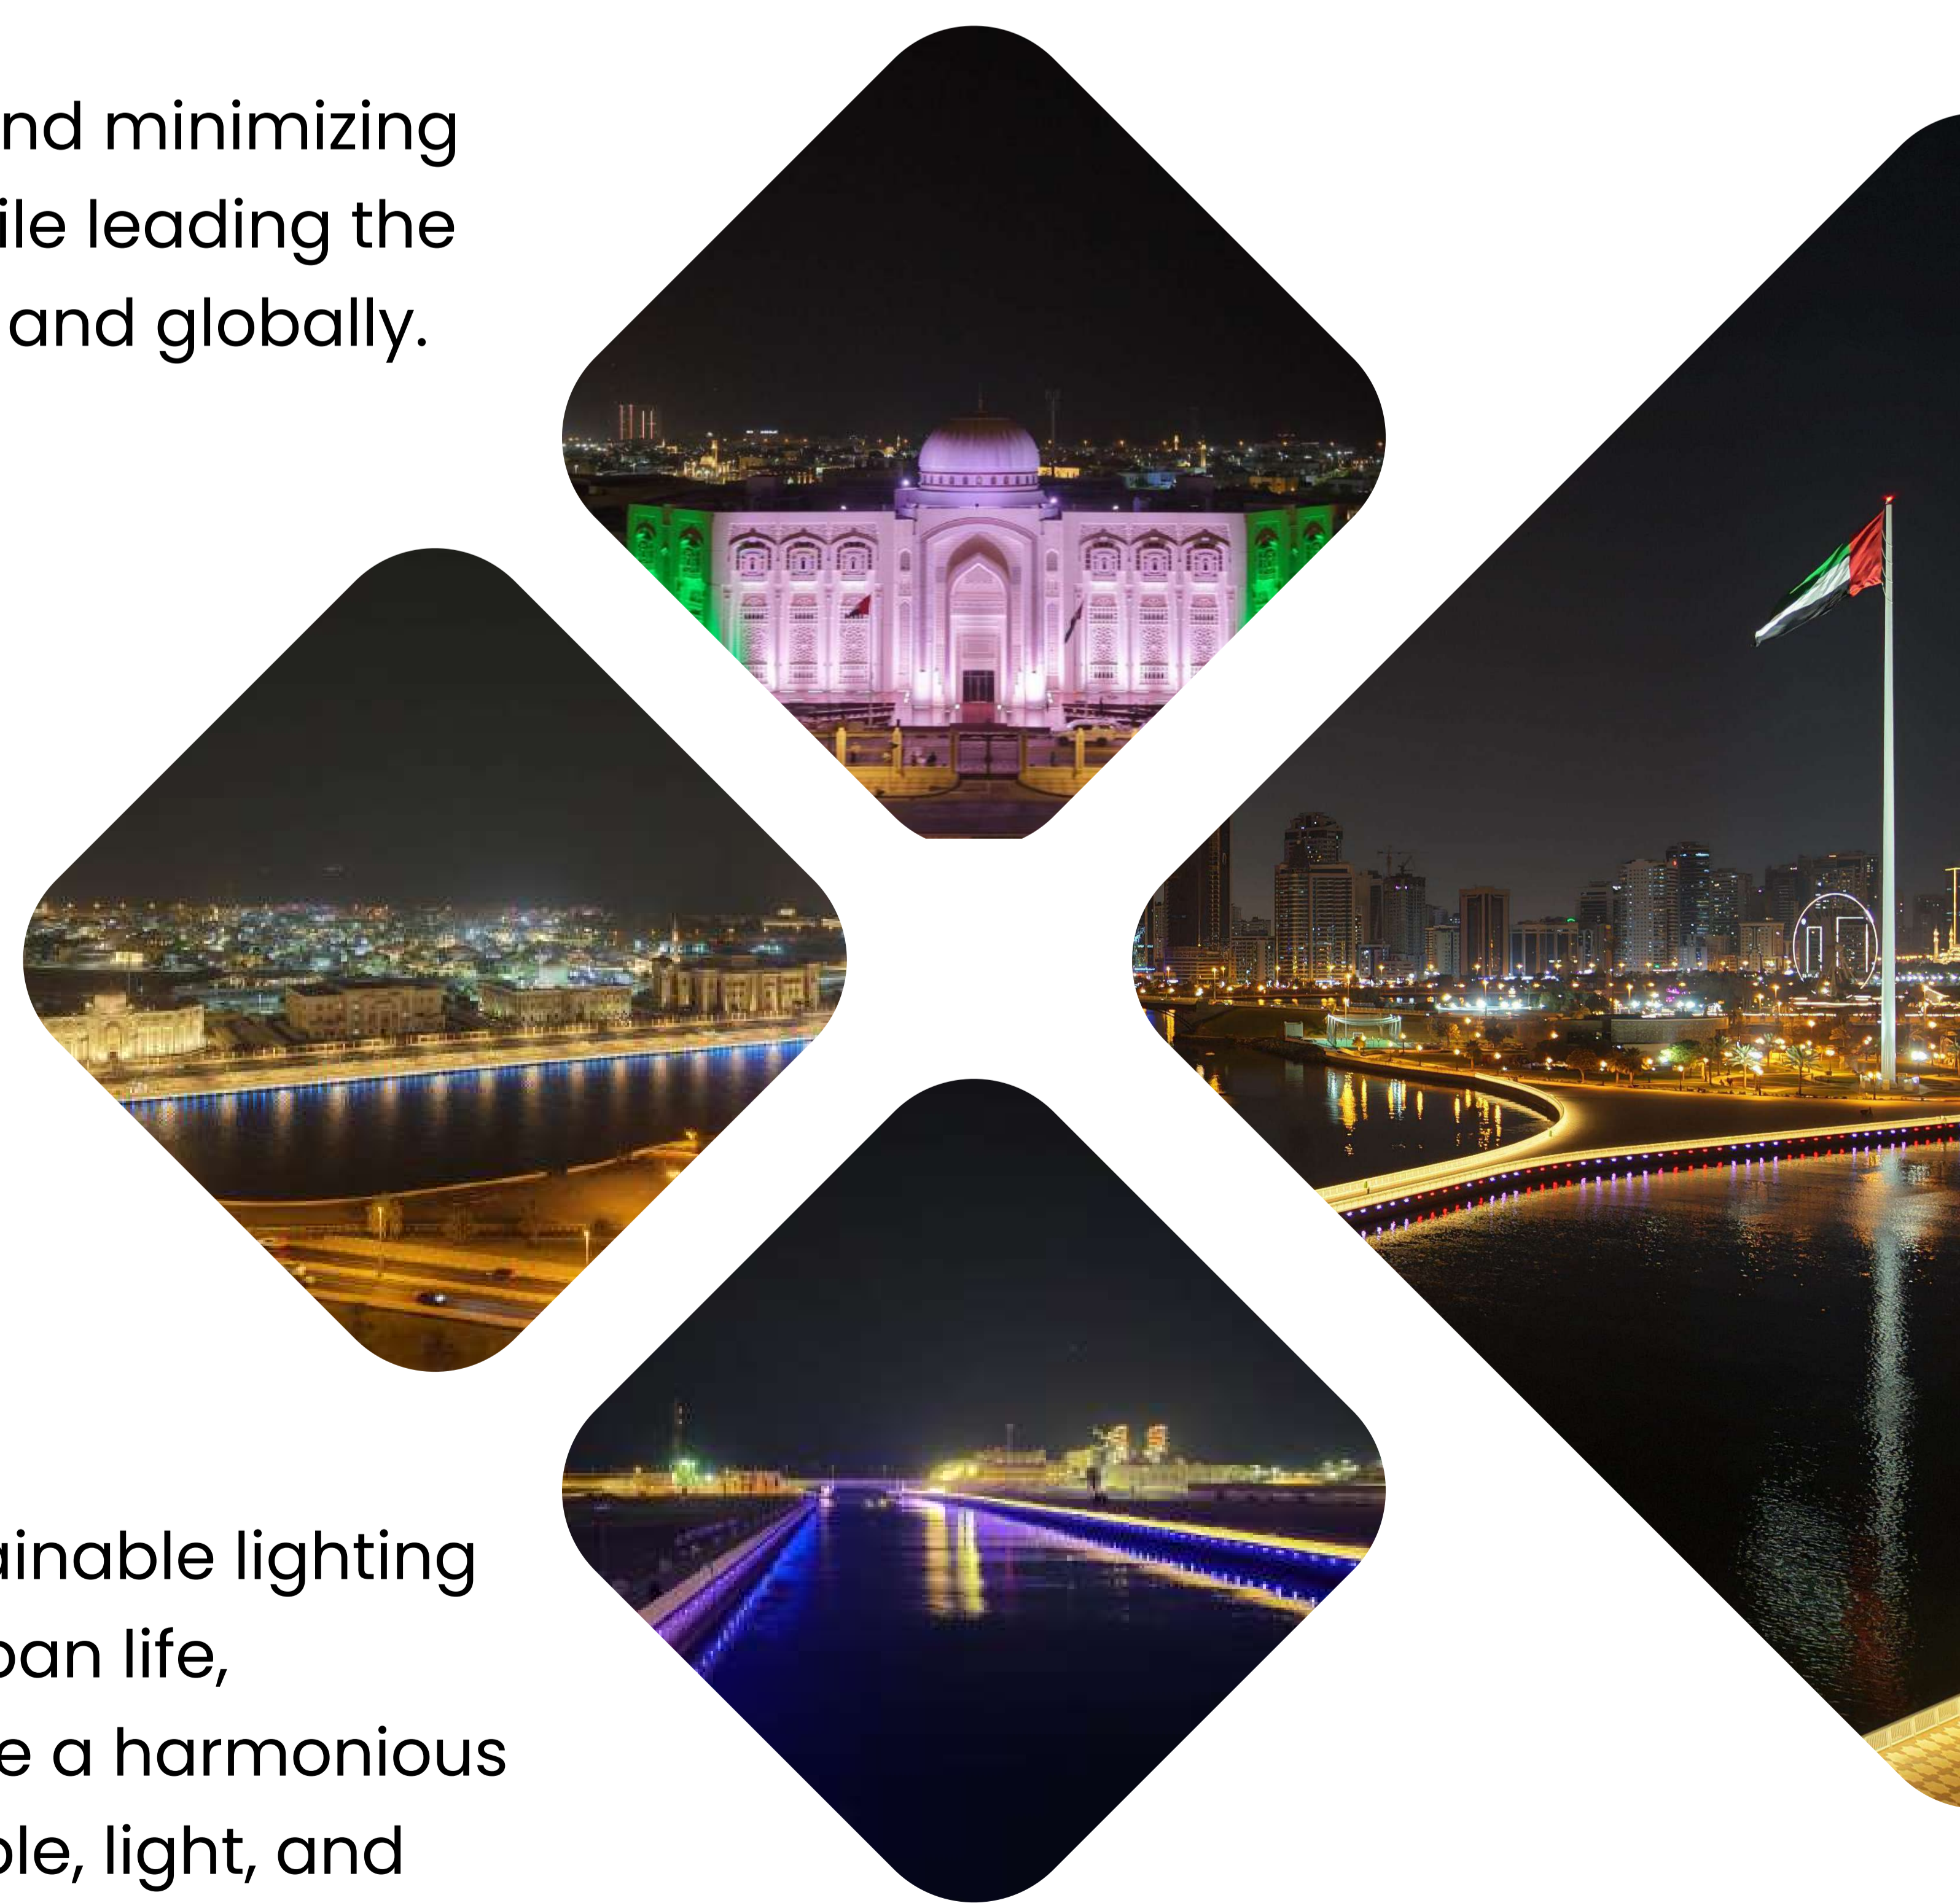

Mission

To create energy-efficient lighting technologies that improve quality of life and reduce environmental impact through research and sustainable design.

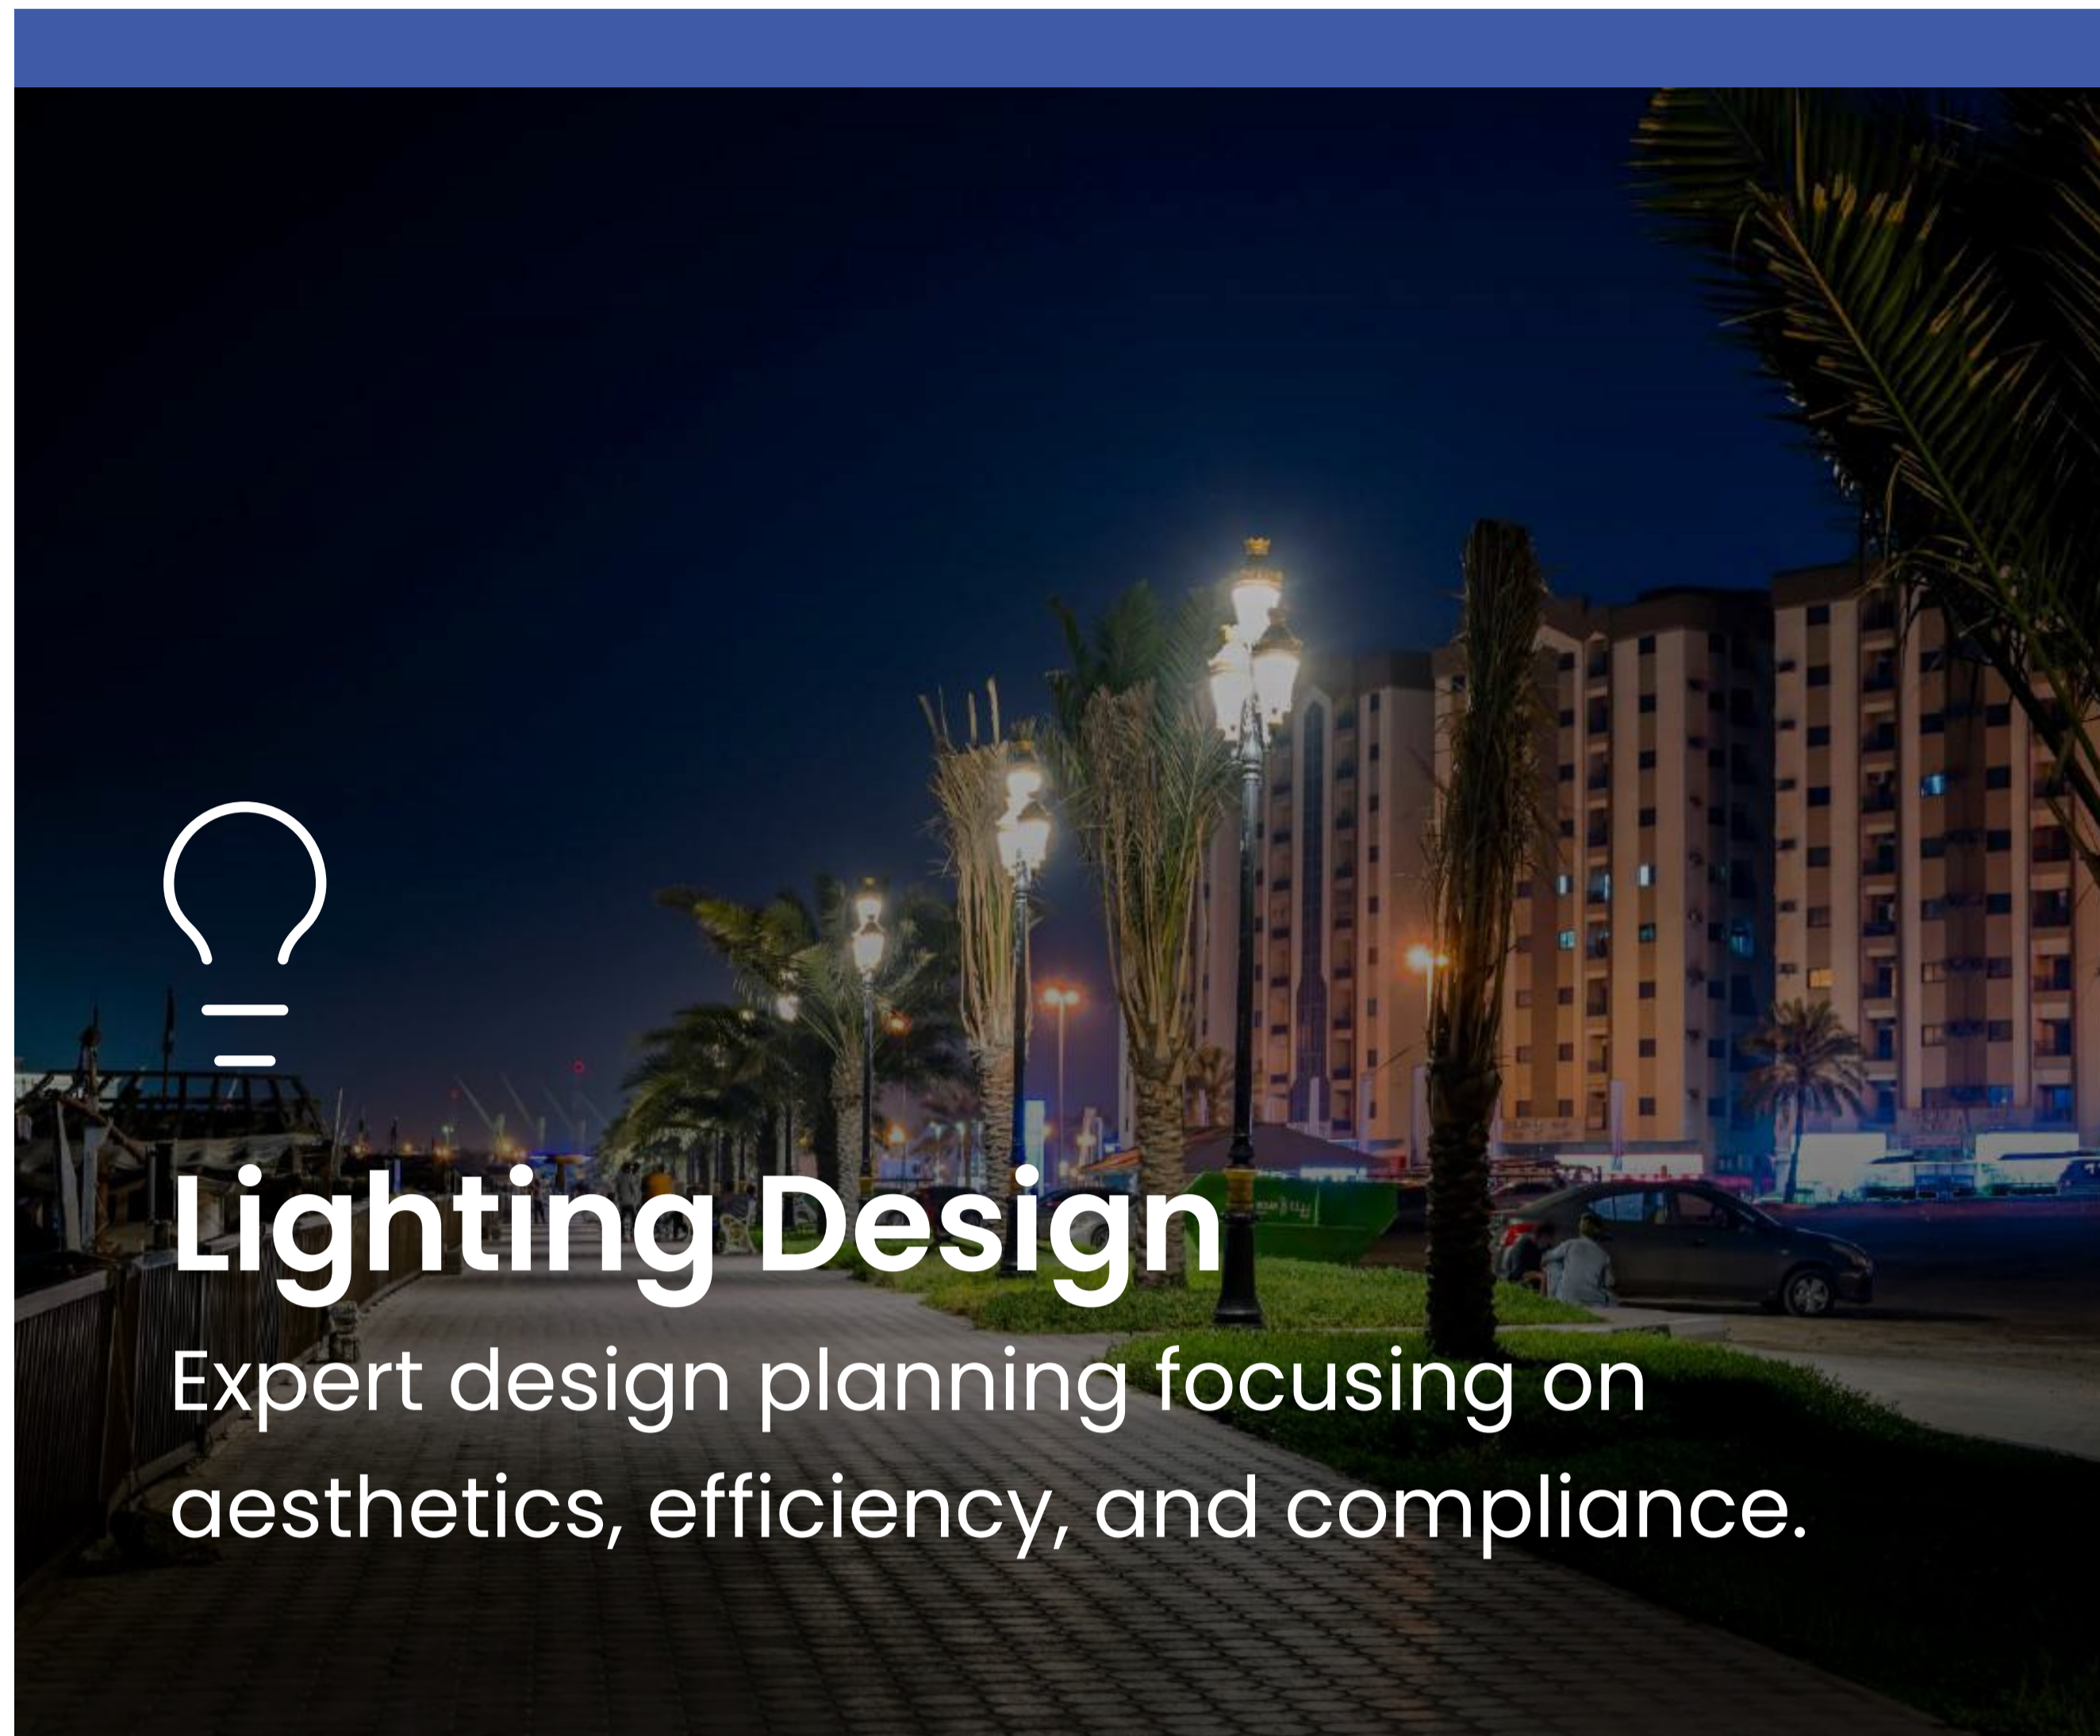

Vision

To create innovative, sustainable lighting solutions that enhance urban life, promote safety, and create a harmonious relationship between people, light, and the environment.

SERVICES

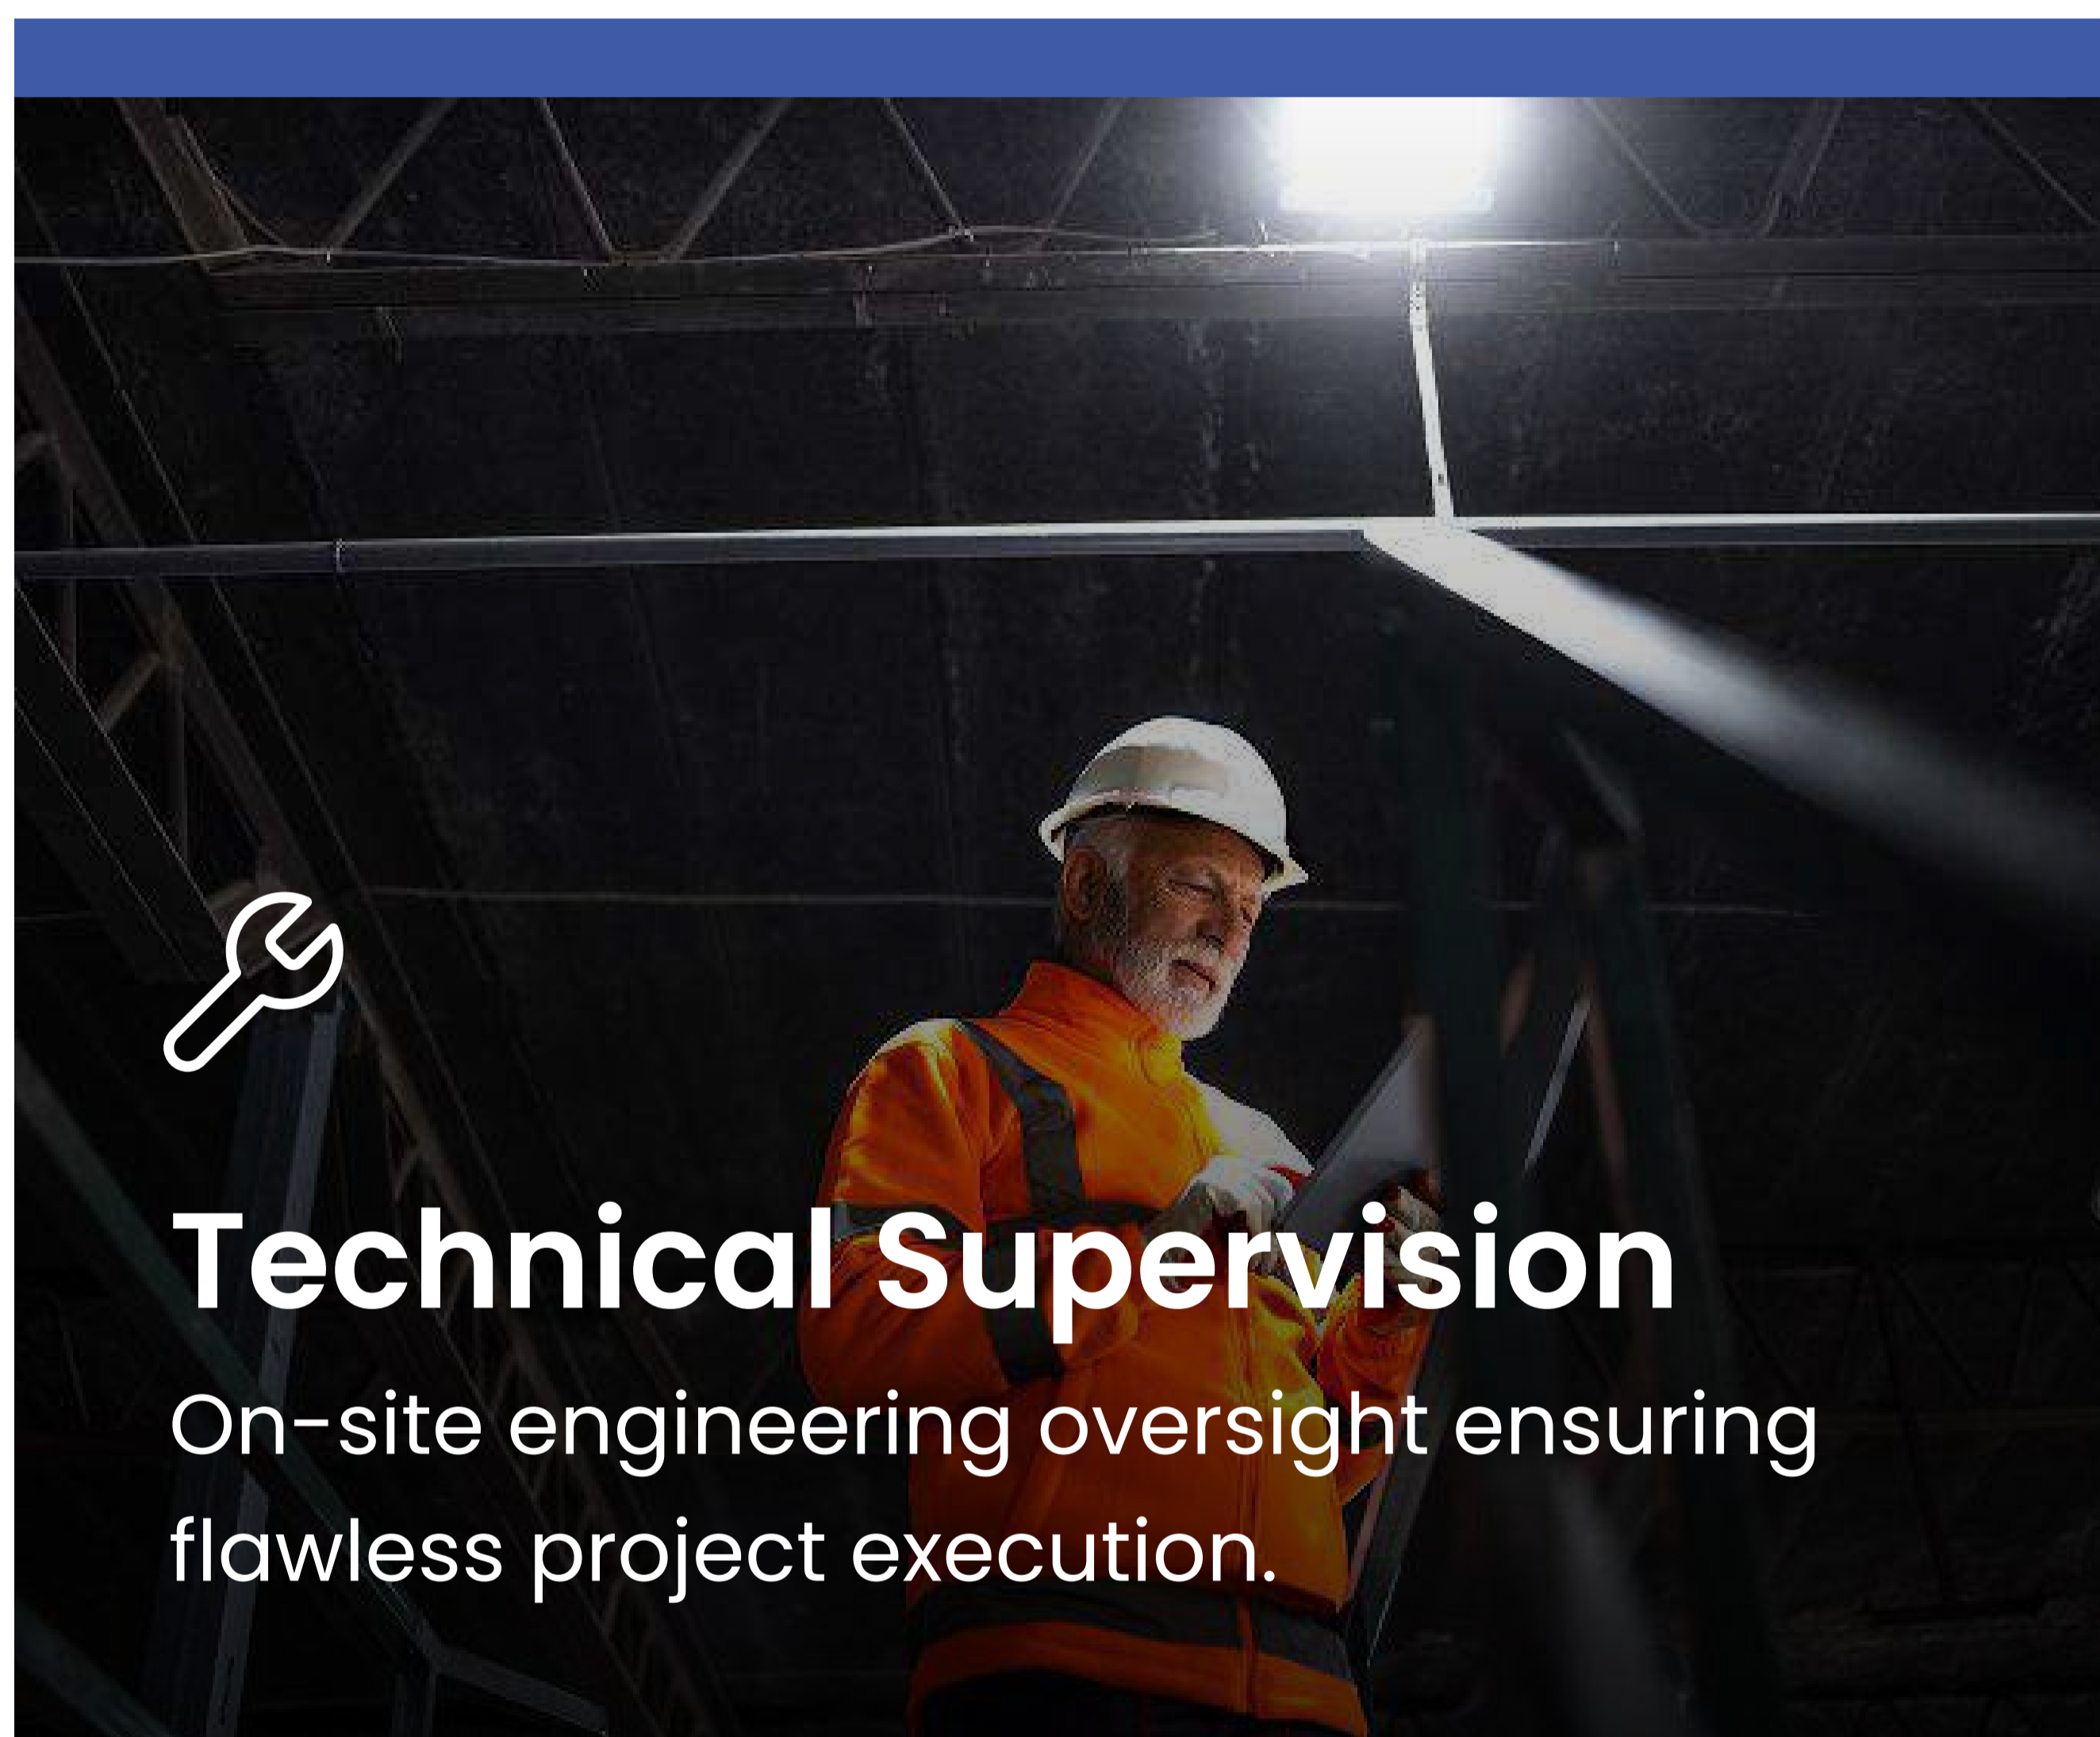

We provide a full-spectrum approach to lighting solutions, guiding your project from conceptual design to post-installation maintenance.

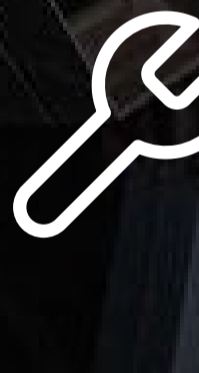

Lighting Design
Expert design planning focusing on aesthetics, efficiency, and compliance.

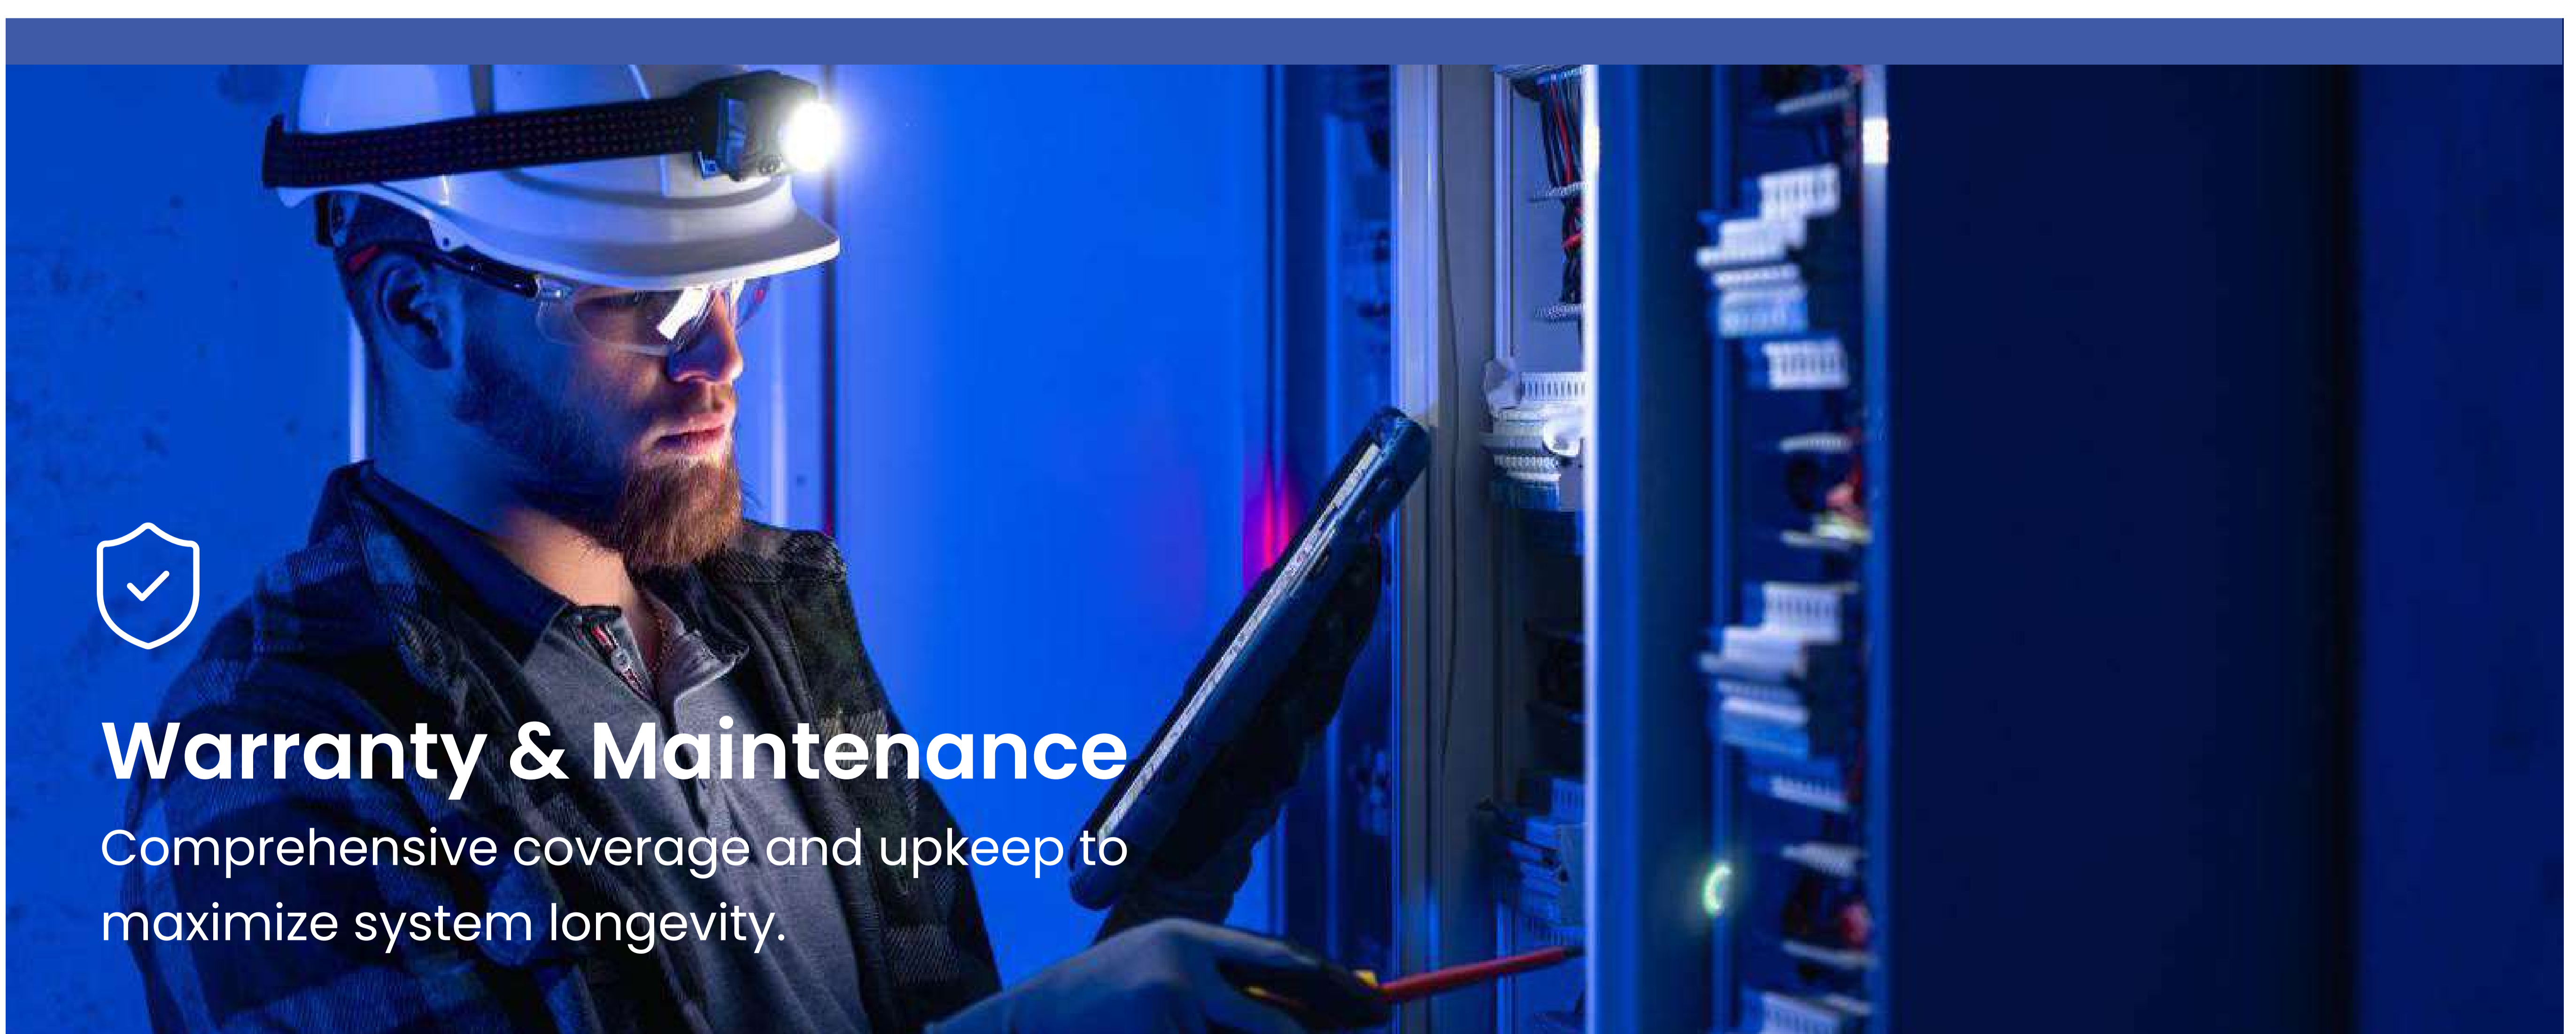

Supply & Installation
End-to-end procurement and professional installation of lighting fixtures.

Technical Supervision
On-site engineering oversight ensuring flawless project execution.

After Sales Support
Dedicated client assistance for operational guidance and troubleshooting.

Warranty & Maintenance
Comprehensive coverage and upkeep to maximize system longevity.

APPLICATION AREA
